THE HON'BLE LT -COLONEL S B A PATTERSON, C I E , I A ,
Chief Commissioner, Ajmer Merwara,

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA,
FOREIGN AND POLITICAL DEPARTMENT

Dated Camp Ajmer, the 12th February 1926

SUBJECT —*Report on the Administration of Ajmer Merwara for 1924 25*

SIR,

I have the honour to submit the Annual Administration Report of Ajmer Merwara for the year 1924 25 compiled by Major R J W Heale, O B E , I A , who held the post of the Commissioner from the 5th March 1925, to the end of the year, with my remarks thereon embodied in Part I of the Report

I have the honour to be

SIR,

Your most obedient servant,

Sd R E L WINGATE,
for Chief Commissioner, Ajmer Merwara

PART I.

GENERAL SUMMARY

1 The average rainfall was 25 inches and 39 cents, the normal being 21 inches. The Kharif crops depending on this rainfall were good, the output being 0 11 8 in the rupee in the Ajmer Tehsil and bumper in the Tehsils of Beawar and Todgarh. The Rabi crops depending on the rainfall of the preceding year were fair. The district was glad of an unexceptionally good Monsoon, which relieved the anxieties of the agricultural population and the inhabitants of Ajmer and Beawar.

2 Income and expenditure as shown in the Report were Rs 25,96,090 and Rs 27,82,906, as compared with Rs 27,61,367 and Rs 28,54,817 in the previous year. These figures, are, however, somewhat deceptive since figures for expenditure on irrigation and Civil works which are included in the Public Works Department Budget are not available to the Commissioner. Moreover, they include certain items both on the receipt and expenditure sides which can not be legitimately considered as part of the Ajmer Merwara Budget, e.g., an item of Rs 644,977 on account of interest paid at the Ajmer Treasury on Promissory Notes and War Bonds, etc. A close examination shows that Ajmer-Merwara, as a whole, tends to show a small deficit.

3 Excise collections rose from Rs 7,01,608 to Rs 7,09,414. The increase of Rs 7,606 under this head is due to the increase of rate of duty on "Charas" brought into force, with effect from the 1st April 1924. Net Income Tax receipts amounted to Rs 1,67,628 as against Rs 2,20,056 in the previous year. The total collection of Income and Super Taxes amounted to Rs 2,63,036, the cost of collection being only 2.78 per cent. 578 persons were assessed as against 614 in the previous year. There was a decrease of Rs 1,37,911 in the total collections. This is due to the trade depression and to the inclusion of Rs 31,000, recovered during 1923-24 on account of the preceding year's demand. The incidence of Excise and Income Tax per head of population was Rs 1 6 11 and 8 4 annas respectively.

4 Receipts from "Land Revenue" fell from Rs 3,66,476 to Rs 3,36,249 while those from "sale of stamps" rose from Rs 2,38,329 to Rs 2,68,039. The decrease under the former is due to the non recovery of dues from Istimardars while the increase under the latter is due to the enhancement of the rates of Court and process fees. The case with the non judicial stamps is similar.

5 The incidence of crime per 1,000 of population rose from 54.3 to 61.5. Murder cases fell from 10 to 6. Dacoit Magan Singh and his followers were responsible for most of the robberies which occurred during the year. A reward of Rs 500 has recently been notified for the apprehension of this ring leader. The Police were successful in arresting a Rawat Merat gang, mostly ex soldiers, concerned in 4 road robberies, one attended with murder.

6 There was a decrease of 380 in the total number of civil suits including miscellaneous with the like decrease of Rs 3,55,045 in the total value.

7 During the year under report 155 applications for permission to alienate land under the provisions of the Land Alienation Regulation 1924 (III of 1924) were rejected. This fact shows that the Regulation has proved an efficient check on indiscriminate alienation of land.

8 Owing to the good monsoon, the anxiety of the Ajmer Municipality has, for the time being, been removed as regards the water supply. With a view to effect many urgent improvements, both in the sanitation and water supply of Ajmer city the four taxes, noted on the

- 1 Horse tax
- 2 Vehicle tax
- 3 Water tax
- 4 Visitor tax

margin, have been sanctioned. The first two came into force, with effect from the 1st October 1924. For No (3) Assessment registers are under

preparation: The fourth has recently been brought into effect. The new Ajmer Municipalities Regulation 1925 has lately been sanctioned by the Government of India and has come into force with effect from the 1st January 1926.

9. During the year, under report, the separate post of the Superintendent of Education for Delhi and Ajmer-Merwara was abolished, the duties being entrusted to the Educational Commissioner, with the Government of India. Towards the close of the year, an Assistant Superintendent of Education was appointed in place of a Deputy Inspector of Schools. The scheme for the establishment of a Rajputana University was definitely abandoned, as it did not find support from the more important of the Rajputana States. There was an increase of 5 and 36 respectively in the number of recognised institutions maintained and the number of pupils therein. There was, however, a decrease of 10 in the number of unrecognised institutions with a corresponding decrease of 360 pupils. Nearly 5 per cent. of the male population and .98 per cent. of the female population were under instruction. Expenditure on Education amounted to Rs. 5,61,579 as against Rs. 5,65,612 in the previous year. During the year under review, slow but steady progress has been made in education. The percentage of muslim students in the schools is, however, still very low.

10. The Co-operative movement in the district continues to flourish and a general all-round progress is noticeable. There was a fall of Rs. 49,000 in the working capital of all Central Banks and Societies and this is taken as a healthy sign indicating a reduction in indebtedness. The Ajmer Central Bank moved to its new building, which was with due formality opened by Sir Robert Holland. The Bank continues to enjoy the confidence of the public. The first Rajputana Co-operative Conference was held at Ajmer on the 15th and 16th November 1924, under the Presidentship of Mr G. K. Deodhar, M.A., of the Servants of India Society, Bombay, and amply justified the hopes of its promoters. The proceedings of the Conference were opened by Sir Robert Holland and a small Advisory Board was formed to carry on the work of the Conference for the ensuing year. Co-operative Societies have also started schools for children as well as adults.

11. Communal tension showed a tendency to relax. The additional police force posted in Ajmer city after riots of 1923 was withdrawn and the criminal cases instituted as a result of those riots came to conclusion. Politically the year was quiet. The Non-co-operation movement died down and inter-communal relations were on the whole satisfactory.

S. B. A. PATTERSON, LT.-COLONEL,
Chief Commissioner, Ajmer-Merwara.

Report on the Administration of Ajmer-Merwara for 1924-25.

SECTION I.

GENERAL ADMINISTRATION

1 *Personnel*—The Office of Commissioner, Ajmer Merwara, was held by Mr E C Gibson I C S , from the beginning of the year to 4th March 1925 and by Major R J W Heale, O B E , I A , from the 5th March 1925 to the end of the year

There was no change in the appointment of the Additional District and Sessions Judge which was held by Sahibzada Abdul Wahid Khan

The Office of Assistant Commissioner was held by Mr A J Hopkinson, from 1st April 1924 to 28th July 1924 —

Captain C G Prior, from 26th September 1924 to 26th October 1924

Major K Evans Gordon, I A , from 27th October to 6th February 1925 and again by Captain C G Prior, from 9th February 1925 to the end of the year The post remained vacant from the 20th July to 25th September 1924 when the duties of the Assistant Commissioner were distributed amongst the various local officers

Mr J A Desouza continued to hold the office of the Extra Assistant Commissioner, Merwara, throughout the year

The office of the Deputy Magistrate, Kekri, was held by B Man Mohan Roy, B A , from the beginning of the year to 31st January 1925 and by Munshi Kanahiya Lal from 1st February 1925 to the end of the year

The office of the Civil Surgeon, Ajmer Merwara, was held by —

Lieutenant Colonel J W Watson, C I E , I M S , from the beginning of the year to 8th May 1924,

Lieutenant Colonel L S Hunt, I M S , from 9th May 1924 to 24th July 1924,

Captain R M Kharigat, from 25th July 1924 to 17th August 1924 and again by Lieutenant Colonel J W Watson, C I E , I M S , from 18th August 1924 to the end of the year

from the 5th March 1925 to the end of the year was held by Mr G Waddell, Mr C S Elmslie,

2 *Revenue and Expenditure*—Statement No 101—The total revenue and expenditure (Imperial and Provincial) for the year amounted respectively to Rs 27,61,367 and Rs 28,54,817 last year compared with Rs 19,32,301 in the year 1923-24 to Rs 17,70,387 in the year under report and the expenditure from Rs 20,67,963 to Rs 20,05,486 Thus, there was a net deficit of Rs 2,35,099 in the Imperial Revenue

The principal variations in Imperial Revenue and Expenditure occurred under the following heads :—

<i>Revenue.</i>		Rs.
Land Revenue		—1,02,958
Stamps		+ 29,404
Taxes on income		—1,84,668
Administration of courts		+ 25,689

<i>Expenditure.</i>		
Interest		—29,487
General Administration 22 E.		—14,684

The variations in revenue are explained below :—

The decrease under the head “ Land Revenue ” is due to the non-recovery of a large amount of arrears outstanding against Istimrardars and to the adjustment of a sum of Rs. 69,772 which has been transferred from the head “ Land Revenue ” to the head “ Public Works Department Account of Irrigation Works.”

The increase under head “ Stamps ” is attributed to a larger sale of stamps as compared with last year.

The decrease under the head “ Taxes on income ” is accounted for by the fact that the cotton mills in the Merwara Sub-Division were affected by the trade depression, also the last year's figures were swollen by a sum of Rs. 31,000 recovered on account of the preceding year's demand.

The increase under head “ Administration of Courts ” was due to the fact that a sum of Rs. 21,000 was credited into Treasury on account of Criminal forfeiture from Munshi Maharaj Swarup. Other items aggregating Rs. 4,000 were also credited as fines.

The variations in expenditure are explained below :—

The decrease under the head “ Interest ” was caused by the discharge of a considerable number of war bonds and non-payment of interest on special notes in the year under report.

The decrease under the head “ General Administration ” occurs under “ Contingencies ” and “ Leave Allowances.”

SECTION II.

8. *Education of the Wards.*—Raja Kalyan Singh of Bhinai continued his studies at the Mayo College, Ajmer, and Thakur Rameshwar Singh of Badanwara received training in Judicial and Revenue works in the Ajmer office as well as in his own estate. The Thakurs of Bubania, Karel, Lamba and Nimode received education at the Municipal School, Kekri, the first three for about three months and the last one for the whole year. The minor Mahesh Prasad and his two younger brothers and the minor Thakur of Sholian received education at the Government and D. A. A. V. High Schools at Ajmer and the minor Yusuf Ali Shah, Jagirdar of Dodiana, was also sent to the Government School and put into residence at the Boarding House in December 1924.

9. *Health of the Wards.*—The health of all the wards was good throughout the year.

10. *Marriages of the Wards.*—Thakur Rameshwar Singh of Badanwara was married to the daughter of the Raja of Nimrana and Thakur Rup Singh of Lamba was married to the daughter of Thakur of Jajher.

11. *Mutation cases.*—In the Ajmer Tahsil 1,946 cases were instituted all of which were disposed of during the year under report.

In Merwara 3,014 cases were instituted and disposed of during the year.

12. *Land Alienation Regulation.*—During the year 401 applications for alienation of agricultural land were filed, out of which 246 were granted and 155 rejected. The alienations sanctioned include 21 cases of land within Municipal limits, 7 relate to perpetual leases and 5 to gifts. No decrees were referred to the Collector under section 8 (3) of the Regulation during the year under report. One case was, however, referred under section 16 of the Regulation which was dismissed.

SECTION III.

PROTECTION

(1) *Ajmer-Merwara Police (year ending the 31st December 1924)* [Vide statements Nos 4 to 10]

[Compiled by M B Bell, Esq., I P S, Officiating Inspector General of Police, Ajmer Merwara]

13. *Crime statistics*—The total volume of reported crime excluding false cases and including true cases reported to Magistrates was 3,046 an increase of 479 as compared with the figures for 1923. The increase falls partly under heads (i) serious offences against the person and property, (ii) minor offences against the person and (iii) public nuisance, vagrancy and other cognizable offences under special and local laws, etc., but chiefly under (iv) minor offences against property. There was an actual increase of 638 in the volume of crime reported to the police during the year.

The incidence of crime per 10,000, of population amounted to 61.5 as compared with 54.3 last year.

14. *Investigations*—Investigations were made in 92 per cent of cases as compared with 90 per cent in 1923. 92 police cases were struck off as false or as due to mistake of fact or law compared with 41 the year before.

4 cases were investigated or supervised by the Deputy Superintendent of Police and 15 cases were personally enquired into or supervised by the Superintendent himself.

15. *Murder*—The number of murder cases reported decreased from 10 in 1923 to 6 in 1924. Including 3 cases pending from the previous year there were 9 true police cases. Of these, 2 were convicted, one was acquitted, 3 remained untraced, in one case the accused died, in another the accused is absconding, and one was pending at the close of the year.

Of the 6 cases reported during the year 2 were due to sexual motives and 4 to private quarrels. One included under head 'dacoity' was committed by dacoits.

16. *Poisoning*—Only one case of poisoning was reported during 1924 as compared with the same number in 1923. It, however, remained undetected. There was no Magistrate's case during the year.

17. *Dacoity*—The total number of true cases of dacoity reported to the police was 7. Including 9 cases pending from 1923 and 1 magisterial case there were 17 cases, as compared with 30 of 1923. In addition, there was one case of dacoity with murder. Of the 17 cases 6 were convicted, 2 were discharged and 2 remained pending at the close of the year. In 7 cases the police failed in detection.

The Ajmer-Merwara Police showed intelligence and initiative of a high order in the detection of a case in which a Rawat Merat gang, mostly ex-soldiers, completely ransacked a house even taking away the most trifling articles. The gang had been concerned in 4 road robberies, one attended with murder. The Police succeeded in arresting the gang and recovering the looted property and eventually secured the conviction of all 5 cases and of every member of the gang.

18. *Robbery*—Including 9 cases pending from the previous year and 5 magisterial cases of 1924, there were 43 true cases for disposal as compared with 23 in 1923 and 19 in 1922. Of the 43 cases in 1924 9 ended in conviction, 4 were acquitted, 21 remained undetected and 9 were pending at the close of the year. The large number of robbery cases in the year was due to the depredations of dacoit Magan Singh and his followers who were responsible for at least half of them. A reward of Rs 500 has recently been offered with the sanction of the Local Administration for the apprehension of the ring-leader.

19. *Burglary*—The number of true cases for disposal, including cases pending from 1923 and Magistrates' burglary cases, was 637, as compared with 557 in 1923.

There were 3 important cases of burglary, all of which were worked out. Two took place in the city of Ajmer, and one in Kekri. In the Kekri case, a local Mahajan broke open the lock of a store godown owned by a firm of cotton merchants, in broad day-light, removed the whole of his cotton valued at Rs. 2,200 and sold it in Beawar. The accused was arrested and sentenced to rigorous imprisonment with fine. Of the two cases in Ajmer, one was the work of 2 professional burglars from Aligarh (U. P.). They scaled the back wall of a house in broad day-light and, breaking a lock, extracted jewellery to the value of Rs. 2,355, but were detected. In the other case 700 war medals, stored for distribution to discharged soldiers, were stolen from a godown of the 10/4th Bombay Grenadiers. The accused, a discharged soldier, was arrested at Chittorgarh by the Government Railway Police while he was disposing of the medals. All the stolen property was recovered and the accused was convicted.

20. *Ordinary thefts.*—There were 416 true police cases for disposal compared with 376 in 1923. 184 cases, involving 206 persons, were sent up for trial, 87.50 per cent. ended in conviction.

21. *Cattle theft.*—71 true police cases were disposed of as compared with 72 in 1923; 36 cases were worked out.

22. *Criminal Tribes.*—At the close of 1924, there were 357 adult males of all classes, including "Gypsies," on the criminal tribes registers, as against 272 of 1923. The increase is due to the registration of the Chakras of 6 villages under section 3 of the Criminal Tribes Act. 54 cases were prosecuted under sections 22 and 24 of the Act. Of these 30 cases were convicted and 6 were pending at the close of the year while in 18 cases the accused are absconding. Also, 14 Sansies, 6 Kanjars and 4 Baories were prosecuted and convicted under the Indian Penal Code and Criminal Procedure Code.

Restriction under section 11 of the Act is proving beneficial in checking the ingress of State gypsies and in influencing those already restricted to settle down and adopt an honest form of livelihood.

The reciprocal arrangements of the Ajmer-Merwara District with the surrounding Indian States have continued to work, effectively up to the end of the year.

23. *Vagrancy and bad livelihood.*—56 persons were prosecuted under preventive sections of the Criminal Procedure Code as compared with 39 in 1923. 44 out of 56 were bound over while the rest were discharged.

Police.

24. *Strength.*—The total sanctioned allocation including private guards was the same as in the previous year, viz., 38 officers and 839 men. The actual strength at the close of the year was 34 officers and 796 men.

25. *Punishments and rewards.*—4 men were convicted judicially during the year as compared with two officers and 5 men in 1923. 2 officers and 42 men were punished departmentally compared with 1 officer and 29 men in 1923. 283 officers and men were rewarded, receiving a total of Rs. 2,293-5-4, as against 277 officers and men who earned Rs. 2,465-3-0 in 1923.

26. *Mounted Police.*—There was no change in the sanctioned strength and disposition of this branch of the force, which stood at 2 head constables and 25 constables.

(2) *Criminal Justice (year ending the 31st December 1924).* [Vide statements Nos. 11 to 16 and 25.]

27. The total number of offence reported was 8,853 of which 8,015 were returned as true.

Of these cases 550 were reported under the Police Act.

The number of cases under the Opium Act was 20 against 9 in 1923 and 7 in 1922.

28. 13,689 persons were reported as being under the supervision of the

32 On the appellate side there were 462 appeals from decrees and orders and the pending files at the close of the year showed 247 cases against 161 in the preceding year The average duration of appeals was 233 14 days as against 63 49 in the preceding year

32A The total number of appeals and miscellaneous Civil Applications dealt with by the Chief Commissioner was 170 Details are given in statement 10A (Civil)

33 The number of applications for execution of decrees was 17 329 against 17 798 in the year 1923 The number of pending applications for the year was 5 716 as compared with 4 400

(4) *Registration (year ending the 31st December 1924)* [Vide statement No 26]

34 There was no change in the number of registering offices which remained the same as last year viz 7 The total number of documents registered during the year was 8 454 against 3 604 during the preceding year Fewer documents were registered in Kekri Beawar and Todgarh and a slightly increased number in Ajmer The receipts amounted to Rs 11 250 9 0 against Rs 11 463 last year The area of agricultural land transferred by sale and mortgage was bighas 5 351 14 5 against bighas 6 167 2 13

The work of registration offices during the year was generally satisfactory

(5) *Municipalities (year ending the 31st March 1925)* [Vide statements Nos 27 to 30]

35 *Ajmer Municipality Population 99 541 excluding 13 971 pilgrims* — During the year under report the constitution of the Ajmer Municipal

Committee remained unchanged. The Committee was composed of 24 members, 6 nominated and 18 elected, of whom 8 were Europeans and 16 Indians.

Eight special and 17 ordinary meetings were held, the average attendance at each meeting being 14.24 and 15.06 respectively.

36. The total income of the year was Rs. 4,25,677 as against Rs. 4,49,102 in 1923-24. The expenditure amounted to Rs. 4,13,226 as against Rs. 4,19,149 in the previous year. The closing balance was Rs. 50,222.

The income shows a decrease of Rs. 23,425 as compared with the figures of the preceding year. This is due to the fact that the latter figures included an item of Rs. 18,000 on account of a loan borrowed from Government last year. Moreover, the receipts under the head "Sales Miscellaneous" were less by Rs. 5,899.

The expenditure also fell short of that incurred in the previous year by Rs. 5,923. The principal decreases occurred under the heads "water supply" and "interest on loans."

37. The gross and net receipts from octroi in the two years are shown below :—

	Gross. Rs.	Net. Rs.
1923-24	2,93,394	2,41,654
1924-25	2,88,612	2,23,804
Difference	—4,782	—17,850

38. The decrease of Rs. 4,782 in gross octroi receipts occurred chiefly under the item "piece goods, viz., cloth" and is due to reduction in prices. The net octroi receipts as compared with the figures of last year show a decrease of Rs. 17,850 which is attributable to the grant of larger octroi refunds, the percentage of which on gross octroi collections was 22.46 against 17.64 in the previous year, owing to the payment of last year's outstanding refunds.

39. The incidence of octroi taxation was Rs. 2.4 per head of the population against Rs. 2.6.9 in the preceding year.

40. A sum of Rs. 19,756 was paid towards the liquidation of Government loans, the balance of which due by the Municipality at the end of the year amounted to Rs. 4,00,904.

41. The management of the Ajmer water works remained in the hands of the Executive Engineer, P. W. D., Ajmer Division.

42. The total rainfall recorded at the different registering stations during the year was as follows :—

(1) Foy Sagar	40.75
(2) Catchment area of the Foy Sagar	30.81
(3) Municipal Storage cisterns and "	37.90
(4) Bhaonta Water works	32.98

The year was a successful one, the excellent rains having filled the Foy Sagar lake. The Bhaonta and Budha Pushkar Schemes could therefore be allowed to stand idle, thereby causing a considerable saving in pumping expenses.

The Foy Sagar lake was dry at the commencement of the year, but at its close the water level of the lake was 20.34. At the Budha Pushkar lake, the water level was 16.8 $\frac{3}{4}$ at the commencement and 5.7 $\frac{3}{4}$ at the close of the year. The water level of Bhaonta well No. 5 was 83.92 on the 1st April 1924 and 94.19 on the 31st March 1925. During the year, water was pumped from the Foy Sagar lake for about 7 months, from the Foy Sagar and Bhaonta wells for about 4 months, and from the Budha Pushkar lake for about 4 $\frac{1}{2}$ months.

43 In accordance with the recommendations of Major C A Pogson whose services were secured last year, the work of sinking a new well near the Mir Shah Ali and of deepening the Doulit Bagh well was taken in hand during the year and a sum of Rs 7 105 was expended thereon. Further work was, however, abandoned by the Municipality on the recommendation of the Executive Engineer, P W D, in view of the fact that the experiments and works carried out by the Mayo College and the B B & C I Railway authorities on the lines suggested by Major Pogson were not successful. At the commencement of the year, the problem of water supply was considered to be serious and every effort was made and precaution taken to conserve water and to prevent its wastage. As a temporary measure water charges had accordingly to be enhanced and the supply restricted. Fortunately, however, the anxiety did not last long and normal conditions were restored owing to a good monsoon.

44 The number of births recorded was 2 293 and that of deaths 3 702 as against 2,437 and 3 950 respectively in the previous year.

The birth and death rates per mille of population were 20.24 and 33.40 against 20.78 and 35.55 respectively in the preceding year.

The mortality among children under 5 years of age was 1 092 (52.53 per cent of the total mortality) against 2 221 in the previous year.

45 The total number of vaccinations performed was 4 852 against 3 201 in the previous year.

46 The report of the Retrenchment Special Committee appointed by the Local Government last year was considered and their recommendations were generally approved and are being adopted.

47 Of the four new taxes proposed by the Committee last year two viz., Horse and Vehicle taxes, were sanctioned and brought into force from the 1st October 1924. The imposition of the water tax was also sanctioned but for want of funds the work of its assessment could not be taken up during the year. The Visitors' tax remained the subject of correspondence with the Government of India.

There are many urgent improvements to be effected in the sanitation and water supply of the city, which it is hoped, the Committee will be able to undertake from the proceeds of the new taxes mentioned above.

48 *Beawar Municipality Population 22,362*—The Committee held 7 special and 24 ordinary meetings.

49 The total income and expenditure for the year amounted respectively to Rs 1,38,264 and Rs 1,32,852 as against Rs 1,40,111 and Rs 1,20,247 in the preceding year. The closing balance was Rs 43,122 exclusive of Rs 19,097 invested in Government Securities.

The income on the whole shows a decrease of Rs 1,847 as compared with last year, which occurs chiefly under the herd sale proceeds of land.

The expenditure exceeds last year's figures by Rs 3,605 which is accounted for by a new well at Jalra and the appointment of a Health Officer.

50 The incidence of octroi taxation per head of population was Rs 3.710 against Rs 3.811 in the year 1923-24.

51 The management of the Barwar Water Works remained in the hands of the Edward Mills Co. Ltd. Beawar. The construction of the new well referred to above, was interrupted by the rise of sub-soil water at the commencement of the monsoon. It is expected that this well, when completed will meet the requirements of the town. The total cost of water supply amounted to Rs 16,444 including Rs 18,054 on account of the maintenance of the works. The income from the sale of water amounted to Rs 1,822.

52 The numbers of births and deaths registered during the year were respectively 841 and 790 as against 857 and 952 in 1923-24.

53 The accounts for the year 1923-24 were audited by the Local Funds Audit Department of the United Provinces.

54 *Aklari Municipality Population 5,698*—There was no change in the constitution of the committee.

Committee remained unchanged. The Committee was composed of 24 members, 6 nominated and 18 elected, of whom 8 were Europeans and 16 Indians.

Eight special and 17 ordinary meetings were held, the average attendance at each meeting being 14.24 and 15.06 respectively.

48 *Beawar Municipality Population 22,362*—The Committee held 7 special and 24 ordinary meetings.

49 The total income and expenditure for the year amounted respectively to Rs 1,38,264 and Rs 1,32,852 as against Rs 1,40,111 and Rs 1,29,247 in the preceding year. The closing balance was Rs 43,122 exclusive of Rs 19,997 invested in Government Securities.

The income on the whole shows a decrease of Rs 1,847 as compared with last year, which occurs chiefly under the head sale proceeds of land.

The expenditure exceeds last year's figures by Rs 3,605 which is accounted for by a new well at Jalia and the appointment of a Health Officer.

50 The incidence of octroi taxation per head of population was Rs 3.7-10 against Rs 3.8-6 in the year 1923-24.

51 The management of the Beawar Water Works remained in the hands of the Edward Mills Co., Ltd., Beawar. The construction of the new well, referred to above, was interrupted by the rise of sub soil water at the commencement of the monsoon. It is expected that this well, when completed, will meet the requirements of the town. The total cost of water supply amounted to Rs 16,444 including Rs 13,054 on account of the maintenance of the works. The income from the sale of water amounted to Rs 1,822.

52 The numbers of births and deaths registered during the year were respectively 841 and 790 as against 857 and 982 in 1923-24.

53 The accounts for the year 1923-24 were audited by the Local Funds Audit Department of the United Provinces.

54 *Kekri Municipality, Population 5,698*—There was no change in the constitution of the committee.

55. The committee held 9 ordinary and 4 special meetings during the year.

56. The total income and expenditure amounted to Rs. 24,470 and Rs. 24,904 against Rs. 27,031 and Rs. 27,251 respectively in the preceding year. The decrease of Rs. 2,561 in income is mainly noticeable under the head "Octroi" sub-head "clothing materials." There was a decline in textile industry during the year while the cotton crop was damaged by excessive rainfall. Some cotton produce was also diverted from Kekri to other ginning factories and cotton presses in the adjoining villages. The decrease of Rs. 2,347 in expenditure occurs chiefly under the head "Conservancy" as no conservancy carts were purchased during the year and a smaller allotment was spent on Nalla work than last year.

57. The incidence of octroi taxation per head of population was Rs. 3-1-0 as against Rs. 3-13-10 in the 1923-24.

58. The numbers of births and deaths recorded during the year were 239 and 166 against 257 and 207 respectively in the preceding year. The birth and death rates per thousand of population were respectively 41.93 and 29.12 against 45.08 and 36.31 in 1923-24.

59. The balance at the credit of the Municipality at the close of the year was Rs. 38,343 (against Rs. 38,777 in the preceding year) including Rs. 11,000 invested in Government securities.

60. The accounts for the year 1923-24 were audited by the Local Funds Audit Department of the United Provinces. The financial position of the Municipality at the close of the year was satisfactory.

61. *Deoli Municipality, Population 3,474.*—There was no change in the constitution of the Committee. The Committee held 12 ordinary and 5 Special meetings during the year.

The total income and expenditure for the year amounted to Rs. 5,564 and Rs. 4,394 as compared with Rs. 4,456 and Rs. 4,261 respectively during the preceding year. The increase of Rs. 1,108 in income was mainly due to the recovery of arrears of certain taxes of previous years, while the increase of Rs. 133 in expenditure was attributable to the purchase of new chimneys and iron poles for the Municipal lamps and new receptacles for latrines. The closing balance for the year was Rs. 5,855 against Rs. 4,685 in the preceding year.

The incidence of taxation per head of population was Rs. 1-6-11 against Rs. 1-1-7 last year.

The numbers of births and deaths recorded during the year were respectively 86 and 40 against 69 and 39 in the preceding year.

The accounts of this Municipality have not yet been audited. The matter is receiving attention.

(6) *Medical (year ending 31st December 1924).*

62. The number of Dispensaries in Ajmer-Merwara during the year ending the 31st December 1924 was 7, as in the previous year.

The total number of indoor and outdoor patients treated in these Dispensaries was 76,377 against 68,307 in the year 1923.

The ratio of mortality per cent. to total cases treated as indoor decreased from 6.23 to 4.76.

The total number of surgical operations of all kinds performed during the year was 5,069 with 7 deaths against 4,289 with 10 deaths in the previous year. Of these 1,625 were performed in the Victoria Hospital at Ajmer with 5 deaths against 1,412 with 8 deaths in 1923.

The total income of Hospital and Dispensaries in Ajmer-Merwara amounted to Rs. 35,540 as compared with Rs. 38,725 in the last year showing a decrease of Rs. 3,185 which is due to the fact that during the previous year there was a special grant of Rs. 543 from the Municipality Beawar and that there was less income under head Government contribution.

The total expenditure amounted to Rs 33,467 as against Rs 35,400 showing a decrease of Rs 1,933

The invested capital remained the same as in the last year, viz, Rs 28,500

(7) *Joint Stock Companies (year ending the 31st March 1925)*

63 There were 42 companies working at the beginning of the year. One more company, viz, the Pioneer Oil Mills Co., Ltd., Beawar, was registered during the year, while 20 old companies mostly dealing in Salt were brought into liquidation by the Court. The decision of the Court with regard to their final winding up is still awaited.

No society was registered during the year under Section 2 of the Registration of Literary, Scientific and Charitable Societies Act XXI of 1860.

At the close of the year authorized and paid up capitals of the existing companies were Rs 74,35,000 and Rs 37,06,841 15 4 as against Rs 1,59,35,080 and Rs 39,25,405 11 6 respectively in the year 1923-24. The decrease in capital is due to the liquidation of Salt Companies.

The total receipts during the year amounted to Rs 462 2 0 as against Rs 682 12 0 in the preceding year. The decrease is due to the fact that in 1923-24, 2 new companies were registered against only 1 in the year under report.

The expenditure incurred by Government amounted to Rs 809 1 4 as against Rs 850 14 0 in the year 1923-24. The decrease being small calls for no remarks.

The office of the Registrar, Joint Stock Companies, Ajmer Merwara, was held by the following officers for the periods mentioned against their names —

72. *Inspection of rain guages.*—The number of rain gauges in Ajmer-Merwara on the 31st March 1925 was 61, 60 of which were inspected by the Civil and Public Works Departments and 1 by the Civil Surgeon, Ajmer. All were found in good order.

73. *Co-operative Societies (year ending the 30th June 1925).*—The office of the Registrar was held by Mr. Bal Kishan throughout the year.

74. The number of Central Societies including the 4 Central Banks increased by one and stood at 9 as against 8 in the preceding year. The members of these Central Societies consisted of 965 individuals and 750 Societies against 923 and 675 respectively in the preceding year. The number of agricultural societies rose from 441 to 456 the number of their members being 9,647 against 9,382. The non-agricultural societies numbered 68 with 4,587 members as against 47 and 3,990 respectively last year.

75. The working capital of the central, agricultural and non-agricultural societies amounted to Rs. 19,27,334, Rs. 16,48,466 and Rs. 3,00,246 respectively against Rs. 19,65,792, Rs. 17,28,742 and Rs. 2,30,512 last year. The total working capital of all the societies amounted to a little over 38½ lakhs of rupees.

Of the working capital of the Central Banks, viz., Rs. 18,73,948, the Ajmer Central Bank accounts for Rs. 11,37,729 against Rs. 11,30,978 in the preceding year, the Beawar Central Bank for Rs. 5,92,021 against Rs. 6,37,194, the Nasirabad Central Bank, for Rs. 1,21,262 against Rs. 1,23,790 and the Kekri Central Bank for Rs. 22,936 against Rs. 25,038. The working capital of the remaining 5 Central Societies amounted to Rs. 53,386 against Rs. 48,792.

76. *Ajmer Central Bank, Ltd.*—There were 490 individual and 252 society members against 481 and 201 respectively last year. The share capital remained unaltered, viz., Rs. 1,00,000. The deposits from individual members decreased by Rs. 2,336 while the reserve and other funds increased by Rs. 9,209 and Rs. 2,405 respectively. The amount of profit earned by the bank during the year was Rs. 21,789. It advanced loans to the extent of Rs. 3,95,864 to individuals and Rs. 3,28,893 to other banks and societies.

The balance of loans outstanding at the beginning of the year was Rs. 9,72,031 and an aggregate of Rs. 7,24,757 was advanced during the current year bringing the total amount of loans to Rs. 16,96,788. Of this a sum of Rs. 6,84,632 was recovered during the year leaving an outstanding balance of Rs. 10,12,156.

The bank has moved to its new building, which was formally opened by the Hon'ble the Chief Commissioner during the year. The Bank continues to enjoy the confidence of the public.

77. *Beawar Central Bank, Ltd.*—The membership of individuals and societies rose from 291 and 228 to 297 and 239 respectively. The share capital remained the same as last year, viz., Rs. 1,01,300, but the reserve and other funds rose from Rs. 37,244 to Rs. 40,925. The deposits from individuals fell from Rs. 4,96,792 to Rs. 4,47,598.

The last year's outstanding balance of loans amounted to Rs. 5,82,232 and the amount advanced during the year under report was Rs. 1,66,068, making a total of Rs. 7,48,300. The amount realized was Rs. 1,91,702 leaving an outstanding balance of Rs. 5,56,598 at the close of the year.

78 *Nasirabad Central Bank, Ltd*—The share capital was Rs 25,000 as in the preceding year. The numbers of individual members and societies fell from 81 and 74 to 77 and 62 respectively. The reserve and other funds amounted to Rs 10,885 against Rs 9,168 last year. The deposits from individuals decreased by Rs 5,572. The last year's balance of loans was Rs 1,13,361 and a sum of Rs 47,016 was advanced during the year under report, making a total of Rs 1,60,377, of which a sum of Rs 47,530 was realized leaving an outstanding balance of Rs 1,12,847 at the close of the year.

79 *Kekri Central Bank, Ltd*—The membership of individuals increased by one while that of societies decreased by one, their members being 54 and 11 respectively. The share capital was the same as last year, viz, Rs 12,575. The reserve and other funds increased from Rs 5,459 to Rs 5,735 but the deposits from individuals fell from Rs 6,201 to Rs 3,975. The total amount of loans outstanding was Rs 23,986 including Rs 22,169 on account of the preceding year's balance. The amount collected was Rs 952 leaving an outstanding balance of Rs 20,034 on the 30th June 1925. It will take about one or two years more to bind up the affairs of this bank.

80 The net profits of all the Central Societies amounted to Rs 35,232 against Rs 44,430 last year. The amount of the reserve and other funds was Rs 2,10,338 against Rs 1,92,644.

81 The first Rajputana Co-operative Conference was held in Ajmer during the year under the Presidentship of Mr G K Devadhar M.A., Vice President, of the Servant of India Society, Poona. The proceedings of the conference were opened by the Hon'ble the Chief Commissioner and a small Advisory Board was formed to carry on the work of the conference for the ensuing year.

82 The Educational Inspector of the Punjab paid his annual visit to Ajmer and held the usual training class during the year.

83 While commending to the notice of the Hon'ble the Chief Commissioner the refreshing zeal and enthusiasm and thorough knowledge of his work shown by the Registrar there stand revealed in his detailed reports certain points which require to be borne in mind.

The fact is that although the loans have increased the profits have decreased. This is explained as being due to a decrease in loans out on a higher and an increase on those on a lower rate of interest and to certain extraordinary expenditure incurred in moving into the new Central Bank Building.

The second is the very large sum (Rs 10,00,000) out on interest. In reply to queries as to the security the principle is quoted that co-operative societies provide as a substitute for material assets, honesty and a sense of obligation and keep in view the moral rather than the material sanction. This may be so but the tendency to cloak proceedings that are not in accordance with sound banking principles under such sentiments may prove dangerous and should be avoided as far as possible.

I am inclined to think that the presence on the Board of Directors of the Ajmer Bank of a professional Banker would be found useful and lead to add confidence in the movement and redress the balance between the philanthropic and purely business point of view.

84 *Agricultural stock*—The total below compares the result of the enumeration of agricultural stock in Ajmer Merwara during the year under report with the figures of the two preceding years.—

	1921-22.	1922-24	1924-25
Cows and Bullocks . . .	93,205	269,349	253,480
Buffaloes	42,515	77,770	76,070
Sheep and goats . . .	115,141	439,377	124,135

There were the following epidemic diseases during the year in certain villages of Ajmer-Merwara.

Rinderpest.

Black quarter.

Foot and mouth.

85. *Forests*.—Excluding arboriculture, which has already been dealt with above, the total receipts and expenditure of the Ajmer-Merwara Forests for the year under report amounted to Rs. 64,931 and Rs. 43,380* respectively against Rs. 54,400 and Rs. 37,760 in the preceding year. The net surplus was thus Rs. 21,551 against Rs. 16,640 last year.

The Financial results of the year were good and this and the general administration reflect credit on the Extra Assistant Conservator of Forests and his staff.

The rainfall during the year under report was exceptionally favourable but the good results in reproduction are again likely to be brought to nought by the failure of the rains this autumn.

The Forest Department will, however, fulfil one of its functions by providing grass during the shortage now prevailing.

* Excluding Rs. 197 on account of Forests profits distributed to right holders.

SECTION V. REVENUE AND FINANCE

A — IMPERIAL

(1) Land and water revenue

86 *Demand and collection, etc., of land and water revenue* (vide statement No 35) — The current demand on account of land and water revenue for the year amounted to Rs 3,45,584 as against Rs 3,54,000 for the year 1923-24 as detailed below —

	1923-24	1921-25
	Rs	Rs.
Khalsa villages	2,59,266	2,50,850
Istimrari area	1,14,734	1,14,734
TOTAL	3,54,000	3,54,584

Including the arrears of the previous years the total demand aggregated Rs 3,82,889 against Rs 4,03,691 for the year 1923-24

Including the arrears from previous years the total collection amounted to Rs 3,36,249 against Rs 3,66,476 in the year 1923-24 as detailed below —

	1923-24	1921-25
	Rs	Rs
Khalsa villages	2,40,221	2,26,803
Istimrari area	1,26,253	1,09,144
TOTAL	3,66,474	3,36,249

A sum of Rs 774 was remitted in the Merwara sub division

The balance of land and water revenue on the 31st March 1925 was Rs 45,866 of which Rs 36,689 remained outstanding against Istimrari area and Rs 9,177 against Khalsa villages

87 *Variable assessment* — The system of fluctuating assessment in 46 villages worked satisfactorily. The following table compares the assessment made in the year 1332 Fashl (1924-25 A-D) with the standard revenue fixed —

Name of Tahsil.	Standard.			Assessment for 1924-25		
	Land revenue	Water revenue	Total	Land revenue	Water revenue	Total
	Rs	Rs	Rs	Rs	Rs	Rs
Ajmere	14,173	1,523	15,696	14,733	1,233	15,966
Beawar	2,500	1,517	4,017	2,758	465	3,223
TOTAL	17,273	3,040	20,313	17,491	1,721	19,190

The decrease in the assessment in Beawar was due to a large reduction in the irrigated area actually cultivated. The rainfall was not tank filling and there was not sufficient percolation in the wells.

58. *Land Revenue Miscellaneous Receipts* (vide statement No. 35).—The miscellaneous income during the year amounted to Rs. 11,785 against Rs. 14,139 last year.

59. *Prices*.—The retail prices of the principal food grains, barley and maize were as follows:—

	BARLEY.				MAIZE.			
	June 1924.		January 1925.		June 1924.		January 1925.	
	Srs.	Ch.	Srs.	Ch.	Srs.	Ch.	Srs.	Ch.

Amount advanced during 1924-25	20,080	0	0
TOTAL	3,28,805	9	9
Amount realised during the year	24,853	2	1
Balance outstanding on 31st March 1925	3,03,952	7	8

A sum of Rs. 25,879-9-0 on account of interest on the above loans was also collected during the year under report.

(2) *Excise, Opium and Drugs.*

92. *Excise* (vide Statements Nos. 36 to 40-D).—The total receipts during the year from excise, opium and drugs amounted to Rs. 7,09,414 as against Rs. 7,01,808 during the previous year. The increase of Rs. 7,606 is due to the increase of rate of duty for "Charas" which was brought into effect from 1st April 1924.

The expenditure amounted to Rs. 28,977 as against Rs. 26,437 in the preceding year. The increase of Rs. 2,540 is due partly to the introduction of revised scale of pay for the menial staff and partly to the annual increment allowed to the staff and the Extra Assistant Commissioner. The net revenue after deducting expenditure was Rs. 6,80,437 against Rs. 6,75,371 in the last year.

The incidence of excise revenue per head of population rose from Re. 1-6-8 to Re. 1-6-11 during the year under report.

93 *Country spirit*—The rates for the supply of country spirit were the same as in the preceding year, viz.—

Mhowa			Gwalior		
25 U P		50 L P	25 U P		50 L P
Rs	A	P	Rs	A	P
1	7	3	0	15	6

The rates of still head duty per proof gillon remained the same as in the preceding year, viz.—

Area	Rs	A	P
Urban	1	0	0
Rural	5	10	0

The total quantity of liquor issued from the distillery in terms of proof gallons amounted to 597½ in the last year.

The number of shops in the lines of Ajmer, was reopened and a new shop was opened at Kukra in Merwara to avoid smuggling in the village and its hamlets.

94 *Toddy*—The monopoly for the tapping and vend of toddy was given for Rs 650 for the year under report.

95 *Foreign liquor*—The license fees for the wholesale and retail vend of foreign spirits and foreign fermented liquors amounted to Rs 1,000 as against Rs 1,000 during the previous year. The number of licenses issued during the year was 16 against 14 in the preceding year.

96 *Opium*—The total opium receipts amounted to Rs 45,896 against Rs 39,476 in the previous year. The increase is due to the fall in the price and increase in the consumption of opium.

The total number of licenses issued for the wholesale and retail vend of opium were the same as last year, viz., 6 and 39.

97 *Poppy cultivation*—There was no poppy cultivation during the year under report. Confiscated and unclaimed opium weighing 20 maunds 31 seers and 4 tolas was sent to the Opium Factory at Ghazipur.

98 *Hemp Drugs*—The receipts from the hemp drugs amounted to Rs 76,297 as against Rs 55,214 in the preceding year.

The number of shops for the retail vend of intoxicating drugs was the same as in the previous year, viz., 16.

99 *Cocaine*—The quantity of cocaine imported and consumed during the year under report was as follows.—

	Of this
Balance in hand on 1st April 1921	Rs 2,111
Imported from outside the district	1,111
Supplied locally	2,111
Total	
Consumption during the year	Rs 2,111
Balance in hand on 31st March 1922	Rs 2,111

Cocaine weighing 5 ounces 11 1/2 grains was received for consumption during the year. This will have to be sold for the consumption.

The decrease in the assessment in Beawar was due to a large reduction in the irrigated area actually cultivated. The rainfall was not tank filling and there was not sufficient percolation in the wells.

88. *Land Revenue Miscellaneous Receipts* (vide statement No. 35).—The miscellaneous income during the year amounted to Rs. 11,785 against Rs. 14,139 last year.

89. *Prices*.—The retail prices of the principal food grains, barley and maize were as follows:—

The number of persons assessed to tax by the Income Tax Officers in Ajmer Merwara was 578 as against 614 in the previous year. No person was prosecuted for failure to submit accounts. The cost of collection amounted to Rs 7,333 as against Rs 6,139 in the preceding year. 28 appeals were filed under section 30 (1) of the Income Tax Act. 29 appeals including arrears of last year were disposed of under this section during the year under review. A sum of Rs 4,819 was remitted on appeal. 3 appeals were filed under section 32 (1) of the Income Tax Act, 2 of which were disposed of during the year under review and one remained pending at the close of the year.

The percentage of expenditure on the total collection was 2.78. The incidence of tax per head of population (495,271) in the district of Ajmer Merwara calculated on the amount collected was 8 4 annas.

B—REVENUE AND FINANCE OTHER THAN IMPERIAL

106 *District Fund* (vide *Statements Nos 43 to 45*)—The year opened with a cash balance of Rs 30,532 excluding the Dispensary Fund balance of Rs 728.

The receipts amounted to Rs 86,605 against Rs 81,839 in 1923-24.

The corresponding figures of expenditure are Rs 81,272 against Rs 77,362 in the preceding year.

The increase in receipts during the year is due to better realisations from the capitation tax on animals during the Pushkar Fair, while the increase in expenditure which falls mainly under head '26—Scientific and other minor Department' is due to Experimental cultivation in the Agricultural Model Farm at Nakrera in Beawar Tahsil.

The closing balance of the District Fund on the 31st March 1925 stood at Rs 35,969 excluding that of the Dispensary Fund, amounting to Rs 624.

The Board held 4 meetings during the year.

Local Funds

107 *Dispensary Fund*—The cash balance at the credit of the Ajmer Merwara Dispensary Fund at the beginning of the year amounted to Rs 728. Rs 1,450 against Rs 1,450 against the non-payment.

The expenditure during the year amounted to Rs 10,554 as compared with Rs 11,004 in the preceding year, showing a decrease of Rs 450 which is due to a general decrease under nearly all heads of expenditure.

The year closed with a cash balance of Rs 624 exclusive of investments in Government securities to the extent of Rs 44,000.

108 *Chowkidari Fund*—The receipts amounted to Rs 13,971 13 11 as against Rs 16,108 4 1 in the previous year, the decrease being due to short collections from cess and from contributions payable by the Istimrardars towards the cost of their chowkidars' uniforms.

The expenditure was Rs 13,925 12 11 as against Rs 21,029 0 6 in the last year, the latter amount included two extraordinary items of (1) an investment in Government securities and (2) unusual charges for clothing of Chowkidars. The closing balance of the fund on the 31st March 1925 was Rs 5,579 12 3 the condition of the fund being sound.

Besides this cash balance there are investments aggregating to Rs 25,000 and a permanent advance of Rs 50 at the credit of the fund.

109 *Nasirabad Cantonment Fund*—The total receipts and expenditure respectively amounted to Rs 93,269 and Rs 86,028 as compared with Rs 84,489 and Rs 86,386 in 1923-24. The increase of Rs 8,780 in receipts was due to the sale of conservancy plant, etc., and recovery of the charges of conservancy services rendered to the military units and departments by the cantonment authority under the New Cantonment Act II of 1924.

SECTION VI.

PUBLIC INSTRUCTION.

[Compiled by R. Littlehailes, Esq., M.A., I.E.S., Superintendent of Education, Delhi and Ajmer-Merwara.]

110. *Direction and Inspection* (vide *Statements Nos. 46 to 55*).—The year marked yet another change in the direction and inspection of schools. A separate appointment for carrying on the work of Superintendence of Education for Delhi and Ajmer-Merwara, permanently held by Mr. Watkins was discontinued: the duties being entrusted to the Educational Commissioner with the Government of India. Mr. Richey held charge till February, 1925, when he went on leave. Mr. Littlehailes officiated for him. Towards the close of the year an Assistant Superintendent of Education, whose headquarters were at Ajmer, was appointed in place of a Deputy Inspector of Schools. Mr. Ram Dhan held this appointment till the last day of the year under review, when Mr. Joshi was appointed in his place. Mr. Gaya Prasad continued as Sub-Deputy Inspector during the year, Mr. Ram Dhan retired on the 31st March after 40 years' valuable and loyal service. His work has been spoken of very highly by all officials.

111. *University and College Education*.—The scheme for the establishment of a Rajputana University was definitely abandoned during the year; as it did not find support from the more important of the Rajputana States. In the meantime there was a movement in the United Provinces to start an affiliating University at Agra, which would affiliate to itself all external colleges now linked to Allahabad. When and whether the Agra University will come into being, still remains to be seen. But it appears that Educational institutions in Rajputana will sooner or later have to find a solution for the problems created by the passing of the Allahabad University Act of 1921, and the formation of the United Provinces Board of High School and Intermediate Education. The majority of the degree classes in Rajputana, including those of the Government College, Ajmer, are comparatively small, and would scarcely justify their existence as special collegiate entities if their Intermediate classes were removed.

112. *Government College, Ajmer*.—The following are the main remarks of Mr. Miller, the Principal, on the working of this college.

"The year 1924-25 has been one of steady progress and improvement. The College is in a flourishing condition, and the number of students continues to increase. In March 1925 the number of students was 112. The increase in number is mainly in the Intermediate classes, but the Degree Classes, though still small, are growing steadily.

The College prepares students for the Intermediate Examination of the United Provinces Board, and for the B. A. and B. Sc. Examinations of the University of Allahabad. The subjects taught are English, History, Economics, Logic, Persian, Sanskrit, Mathematics, Physics and Chemistry. Terminal Examinations are held three times a year, and thereafter terminal reports are issued to parents. The results of the University and Board Examination were good.

The College has societies of an educative nature such as the Debating Society, the Hostel Association and the Scientific Society, which serve to sharpen the minds and widen the interests of students. The Boarding Houses are commodious and comfortable, the boarders numbering 40 in March last, are drawn from all parts of Rajputana. The Superintendent of the Boarding House is one of the Professors, and he pays much attention to the welfare and comfort of the boarders. In addition to its repute for excellent work in the class rooms, the college has a name for its encouragement of manly games. All students, if not medically unfit, join in games. Last year the College teams gave a good account of themselves against local teams, and the Cricket XI distinguished itself by playing in the final of the Rajputana Cricket Tournament.

From the proceeds of endowments 11 scholarships varying from Rs 4 to Rs 10 a month, are awarded annually to deserving students. Five of these are tenable by students of the Degree Classes and six by students of the Intermediate Classes. There is the usual percentage of free scholars.

The College derives its income from fees. Endowments, Municipal and State contributions. The income from fees during the year has been approximately Rs 11 360 and the Imperial expenditure on the College about Rs 53 500. More expenditure on staff on library and on laboratories is required. Plans for electric lighting are under consideration.

113 *Secondary Education*—The number of High and Middle Schools on 31st March 1925 was the same as in 1924 there is however a total increase of 277 in the number of scholars.

114 *Government Anglo Vernacular High Schools*—The Government High Schools in Ajmer continued to do good work. The Government School at Bisla is one of the best institutions in these parts. The Government Moinia Islamia High School has however, still to enrol larger numbers in its high section. The Head Master thinks that the accommodating capacity of the building cannot keep pace with the anticipated progress and advocates the need of placing a 2nd storey on the building. There is no doubt that additional accommodation is necessary. Better prospects for the teachers and co-ordination of teaching and of subjects in the two Government High Schools are likely means to promote the popularity of the School and to make for educational economy without loss of efficiency.

115 *Other recognised Anglo Vernacular High Schools*—Recognised High Schools have maintained a uniform standard of efficiency. Beawar is well supplied with High Schools. It has three—the Mission A B High School, the Holland Municipal Ver School and the Sanatan Dharam A V High School. It is doubtful whether the needs of a small place like Beawar would not be fully met by two schools. The chief requirement of the Anglo Vernacular Schools in the District at present is that of trained teachers. In fact with the exception of the Government High School a trained teacher is still the exception rather than the rule in Anglo Vernacular Schools in Ajmer Merwara. It seems essential to create local facilities for the training of Ajmer Merwara aided schools partly by the Punjab and the United Provinces training our teachers.

116 *Curriculum*—Now that the Rajputana Middle School Examination has been abolished Ajmer Merwara Schools may sooner or later have to follow the curriculum laid down by the United Provinces Board in its entirety. Such a course may probably effect the standard of English in the higher classes. Furthermore the demand for the introduction of English as a 2nd language in the Vernacular Final Schools may if granted tend to a further lowering of the standard of English. Since these Schools are not generally in a position to pay the salaries needed to engage good teachers of English it may also prejudicially effect the enrolment in Anglo Vernacular schools.

117 *Vernacular Secondary Education*—Vernacular Secondary Education is making satisfactory progress and the percentage of boys proceeding to the Secondary stage has increased. The need for Boarding House accommodation and for extensions to School houses in rural Secondary Schools has not yet been satisfactorily met. Many Secondary schools are understaffed and work is carried on with the help of Primary Grade teachers.

118 *Primary Education*—The number of Primary schools was 143 during the year under review as against 138 last year. The increase is due to the opening of 4 Government and one Municipal Primary Schools. There is a decrease of 342 scholars in Primary schools which is due to the decrease in numbers in Mission Primary Vernacular Schools and Primary sections of the Railway schools. In Government schools there is a slight increase in number. In many places Primary schools are badly housed and time has now arrived when a serious effort should be made to erect houses at places where numbers justify the establishment of a permanent school.

119. *Indigenous Schools.*—Besides the schools reviewed above there is a large number of private institutions managed by Mission and other bodies. It is not possible to collect absolutely reliable figures under this head but the statistics available show a total of 116 schools with 4,737 scholars. Some of these schools might be brought to the Departmental standard with slight changes in curricula.

120. *Primary Education and Local Bodies.*—Speaking of local bodies in general it may be said that the Beawar Municipality is spending the largest amount on education and Ajmer the least. The Kekri Municipality runs an Anglo-Vernacular Middle School which is being managed for them by Government Officers. The main function of local bodies in education is Primary Education.

121. *Education of Girls.*—The number of institutions of all grades for girls was, as in the previous year, 16. The total enrolment has gone up slightly. Girls' schools in Ajmer and Beawar are full and flourishing. One of the girls from the M. E. Mission School at Ajmer was awarded the Lady Reading Scholarship for midwifery training at the Elizabeth Carret Anderson Hospital, London. She completed her course during the year and is thus the second Indian woman to pass the Examination.

On the whole female education is still very backward in Ajmer-Merwara, less than one per cent. of the entire female population is reading in Schools of all grades. A satisfactory feature of girls education is the presence of girls in rural schools.

122. *Mohammadan Education.*—There were during the year 1,336 Mohammadan students out of a total 9,594 in boys' schools and 29 out of 1,385 in Girls' schools. Thus the percentage of Muslim students in the schools is still very low. In view of the fact that the Muslim boy often spends 3 to 4 years in reading the Quran before he takes to secular education, endeavours are being made to induce Makhtabs to introduce secular subjects of instruction along with their religious instruction.

123. *Special Education.*—The Ajmer Normal School and the Beawar Mission Vernacular School combined are now turning out more trained Primary teachers than can be absorbed in the Schools. The Christian Girls' Boarding School at Nasirabad trains women teachers, but only enough for the requirements of the Mission Society.

124. *Co-operative Society Schools.*—The Co-operative Society has started schools for children as well as schools for adults. The latter class of school seems to be successful.

125. *Special Scholarships.*—The Government awarded special scholarship of Rs. 30 per mensem during the year to enable one Ajmer-Merwara student to pursue his studies and obtain training at the Benares Engineering College.

126. *Physical Culture.*—A good deal of attention is paid by schools to physical culture and most of the larger institutions have good Hockey, Cricket and football teams. Drill and Desi Kasrat are popular in village schools.

Scouting and the girl guide movements are gaining considerably in popularity.

127. *University and other Examinations.*—The results of the various University and other public examinations have on the whole been satisfactory. The Rajputana Middle School examination was definitely abandoned during the year.

128. *European Education.*—The St. Anslem's High School for boys and the Convent High School for girls are both flourishing institutions run by the Franciscan order. They provide an excellent education for the children of people who cannot afford the cost of the Hill schools. Both institutions work for the Cambridge Local Examinations and are able to show excellent results.

There are at present 297 boys and 182 girls in these two schools. There is also a Railway European Primary school which gives children a sound grounding up to class II, where there are 34 children in attendance.

Outside Ajmer there are Railway Schools at Abu Road, Phulera, Bandikui, Gangapur and Jodhpur. All these schools provide an elementary education for the children of Railway servants. They are all well equipped and well managed. All are aided by Government grants except Jodhpur.

129 *General*—During the year under review slow but steady progress has been made in education. With greater funds and a fuller interest by the local bodies in Primary education a much greater advance would be possible.

N.B.—Cases reported direct to the Police should be shown in columns 4 to 14 and cases instituted on complaint to a Magistrate whether referred to by him to the police for investigation or not will, if found true, be shown in column 15, and if they result in a conviction in column 16 also, but nowhere else, and if found untrue and dropped by the Magistrate they will not appear in the statement. The present case of a complaint made to a Magistrate and referred to and proved by the Police which nevertheless is taken up by the Magistrate and results in a conviction will appear both in columns 15 and 16. Column 1 of the statement with its companion column 10 refers only to those cases with which columns 5 to 9 are concerned.

NOTE.—Column 1.—Sub-head, "Courts of Sessions"—Includes cases decided by Sessions Judges on reference under Sections 31, 34 and 123, C. P. C.

Column 2.—Sub-head, "Superior Courts"—Includes cases decided by High Court on reference under Sections 307 and 374, C. P. C.

Column 19.—Includes fines realized during the year, though imposed in previous years. This column is intended to show the realized portions of fines imposed by officers in the exercise of original jurisdiction only.

Column 20.—Represents compensation awarded to complainants under Section 545, Act V of 1898. These awards should also be shown under the head "fines" imposed and "realized" in columns 18 and 19, for they form part of such fines.

General.—(1) The total of columns 5, 6 and 11 should correspond with the total of columns 21 to 25 (both inclusive), and the total of column 8 should correspond with total of columns 12 to 17 (both inclusive) and the total of column 9 should correspond with the total of columns 26 to 28 (both inclusive).

(2) This statement is meant to exhibit every sentence passed and, where two penalties are inflicted on the same offender, to exhibit them both. Further to reconcile the number of persons entered in this statement as punished with the number entered as convicted in Statement 4, it is necessary to note cases such as those in which fulfilment of contract is ordered under Act XIII of 1859 in a footnote. As regards persons whose cases were referred for higher punishment or for confirmation of sentence, punishment, if any sanctioned by the higher Court, should be entered against such higher Court and not against the Court making the reference.

EXPLANATIONS

1 School Year—In the tables the school year is assumed to coincide with the financial year i.e. to end from April 1st of one year to March 31st of the next though in actual practice some institutions e.g., open schools, may close in December and others e.g., colleges, in May

2 Recognised Institutions are those in which the course of study followed is that which is prescribed or recognised by the Department of Public Instruction or by a University or a Board of Secondary and Intermediate Education constituted by law and which satisfy one or more of these authorities as the case may be. They are open to inspection and their pupils are ordinarily eligible for admission to public examination and tests held by the Department or the University Board

Unrecognised Institutions are those which do not come under the above definition of recognised institutions. They are for the most part indigenous institutions for education of a religious character

Other sources include income from endowments, subscription contributions, etc

Classification—In tables IV-A and IV-B Class I represents the lowest class in the school of whether infant class sub standard A or Class I. Where the number of school classes exceeds 10 the additional should be entered in the spaces left blank below X and numbered for the purpose of this table VI

Intermediate colleges and examinations—An "Intermediate college" means an institution preparing for admission to the degree courses of a University or for entrance into vocational colleges. The examination means an examination qualifying for admission to a course of studies for a degree

European scholars are included in the general summary and General Tables II A and B IV-A and D, B V III and IV
